| Team ID      | PNT2022TMID43579                            |
| Project Name | Estimate the crop yield using Data Analysis |

**Solution Architecture**

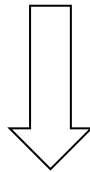

## Datasets

- Download the datasets.
- once analysis them in excel.

## IBM cognos

- Uploading the data into cognos.
- Analysis them.
- Cleaning the data and preprocessing them.
- Explore the data with various trends in it.

## Data report

- Visualization.
- Export the data report.
- Present them in neat manner.
